

At Rhenish, Chromebooks are the only approved devices for our learners. They open up wonderful opportunities to build essential technological skills and to participate with ease in engaging, interactive tasks. To ensure a safe and supportive digital environment, each Chromebook must have a Chrome Education Upgrade (CEU) licence*. This allows our IT team to guide learners' access to helpful applications and to block those that may distract or cause harm during the school day.

DEVICE OPTIONS

Option 1 - Entry Level

The entry-level device is the **Acer Chromebook 311 (C723)** and will now feature a MediaTek Kompanio processor, an 11.6" clamshell display, a unique OceanGlass™ touchpad, certification to the latest tougher (MIL-STD-810H) US military toughness specifications, and a 12-hour battery life.

Option 2 - Mid-Level (no stylus)

The mid-level device is now the slightly larger **Acer Chromebook Spin 512MT**. This multi-touch device still enjoys the 360 convertible (flip) screen but now has a squarer 3:2 aspect ratio 12.2" display with its 4 usage modes and with Antimicrobial Corning® Gorilla® Glass Coating. It also has a second world-facing camera, a state-of-the-art Intel N-series processor, and is now classified to the latest tougher (MIL-STD-810H) US military specifications. This device does NOT include stylus support.

Option 3 - Premium Level Device (with stylus)

The premium-level device is the updated and upgraded **Acer Chromebook Spin 512 (R857TN)** with a stylus. This multi-touch device still enjoys the 360 convertible display, with its 4 usage modes, 12-inch HD+ IPS display with 3:2 aspect ratio, antimicrobial treatment, a second world-facing camera, state-of-the-art Intel N150 processor, and is now classified to the latest tougher (MIL-STD-810H) US military specifications. Additionally, this device will house 8GB DDR4 RAM, 64GB onboard storage, and a USI 2.0 Stylus.

PURCHASING YOUR CHROMEBOOK

OPTION 1

Through a dedicated online store and will be delivered to the school at no extra cost.

Queries: rycherde@icloudedu.co.za
Orders placed through: <https://rhenish.chromestore.co.za/>

*The device will come with the compulsory CEU licence.

OPTION 2

Parents are free to purchase a device from any alternative supplier.

*The compulsory Chrome Education Upgrade (CEU) licence is only available from the online store. This can be bought as a stand-alone item.
