

A NIGHT IN VEGAS

by Stella Baker

PULLING IT OFF

The fantastic experience the Grade 9s had on Friday 16 August does not just miraculously occur. It takes planning, organising and then a whole lot more planning.

In the beginning of the term, under the guidance of Ms Davids, we created the Grade 9 social committee. Second break meetings, after school get togethers and many late evenings of organization lead to the finalization of the dance.

OWN THE NIGHT

Every committee member helped and contributed and, ultimately, that was what led to the Grade 9s having such a great time on the evening.

Our choices around the theme, the decor and the food all reflected what we knew would appeal to them

RHENISH MEETS VEGAS

We started setting up the hall at the end of the school day and it took most of our Friday to get it looking just right. Everyone was willing to put in a lot of effort to achieve an amazing social. The hall was decorated from the foyer, to the stage in complete Las Vegas themed decorations.

RHENISH MEETS VEGAS

We had a long balloon arch extending to the doors of the hall and inside were delicious donuts, popcorn, pizzas and cool drinks.

The quad was decorated with cocktail chairs and tables and lounge sofas for extra comfort. There were lights blinding everyone and the music was pumping through what felt like the whole of Rhenish.

CHIC FASHION & CHICK FUN

It was amazing to see how everyone interpreted the theme into their outfits and everyone looked so stunning!

After all the thought and planning, it was so great to see everyone and their dates having fun and dancing the night away.

The Grade 9s will not forget this night soon!
