GRADE 9 SUBJECT CHOICE ASSESSMENT

Dear Parents

Choosing subjects for the Grade 10 - 12 phase can be quite a daunting task for both Grade 9 learners and their parents. Learners may be unsure of which subjects they need for future career choices and may not yet know what field they want to enter in to. This can result in some learners making choices that may limit their options. Subject choice counselling, with the help of psychometric assessments, can assist learners in making an informed decision.

The subject choice counselling process is a holistic one. It takes into account the learner's current scholastic abilities, her academic, technical and clerical aptitude, her interests, personality and narrative. The combination of these aspects allows for a well-informed decision to be made.

Due to the importance of making an informed decision about her future, we would like to offer you the opportunity to have your daughter assessed at Rhenish Girls' High School.

The subject choice assessment process will consist of the following:

- A **group psychometric assessment** of approximately 5 hours which will include tests assessing aptitude, interest and personality as well as a narrative questionnaire.
- An **individual feedback session** of approximately one hour with the learner and her parent/s to discuss the results.
- A **full assessment report** including results and recommendations based on the assessment and subsequent feedback session.

The group psychometric assessment will take place:

- **DATE:** Saturday 16 June
- **TIME:** 9:00 – 14:00
- **VENUE:** Rhenish Girls' High School

Individual feedback sessions will be scheduled for the first three weeks of the third term and will happen after school hours. Accommodations can be made for parents who live far away.

Registration:

- A google docs form will be sent out within the next week whereby you can register your daughter for the subject choice assessment.
- Registration will close on Monday 11 June.
- There is currently space for 40 learners to be assessed. If there is a demand, an additional assessment date may be scheduled.

Cost:

- R1 800 (includes assessment, individual feedback and report).
- Payment details will be provided with the registration form.
- This amount is payable on or before the registration closing date (11 June 2018).

Please feel free to contact me should you require any further information. I look forward to assisting your daughter in making a well-informed choice for her future.

Kind regards
